### **Inland Investments Expands Advisor Support Through SEI Access Platform**

**OAK BROOK, Ill.** – Inland Real Estate Investment Corporation (“Inland Investments” or the “Company”) today announced a strategic relationship with SEI® (NASDAQ: SEIC), a leading global provider of financial technology, operations, and asset management services within the financial services industry. Inland Investments has joined [SEI Access™](#), a platform designed to provide an end-to-end investment experience and increased access to alternative investment products for wealth managers and financial advisors.

Inland Investments is an industry leading real estate investment manager focused on providing tax-advantaged growth and income solutions including 1031 and 721 exchanges, opportunity zones funds, and closed-end and open-end core real estate funds to wealth management professionals.

“Investment flexibility, an end-to-end digital experience, and the need for education continue to drive opportunities for fund managers and advisors to deliver broader access to private markets. As a leading real estate investment manager, Inland Investments offers more choice through SEI Access, which brings more efficiency to investing in alternatives,” said Kevin Crowe, Head of SEI Access. “We share a long-standing commitment to serving the financial services industry, and we’re excited to welcome Inland Investments to the platform.”

As a leading investment manager offering public and private real estate securities, Inland Investments provides tax, growth and income strategies that fulfill a variety of financial goals. The Company and its affiliates have been real estate innovators for more than 57 years. Since inception, Inland Investments and its affiliates have completed 661 real estate investment programs serving more than 490,000 investors across all commercial real estate sectors.

“Capitalizing on its ecosystem and breadth of capabilities, SEI directly connects fund managers and advisors through SEI Access, and we are pleased to form this relationship with them,” commented Phil Graham, EVP Strategic Relations at Inland Securities Corporation. “As demand increases for alternative investments, particularly tax advantaged real estate solutions, SEI provides us with the ability to offer a streamlined educational and investment process to the advisor community.”

the past four years, Inland Investments specializes in offering public and private tax-advantaged, growth and income real estate solutions spanning virtually every sector of the commercial real estate market. Since 1968, Inland has engaged in the diverse facets of real estate, including property management, leasing, marketing, acquisition, real estate brokerage, development, redevelopment, construction, real estate financing and other related services, including a dedicated research team. Inland member companies have facilitated more than \$55 billion in acquisitions since inception and currently manage a diverse real estate portfolio of approximately \$16 billion across 42 states. Past performance is not a guarantee of future results.

## **About SEI®**

SEI (NASDAQ:[SEIC](https://www.sei.com)) is a leading global provider of financial technology, operations, and asset management services within the financial services industry. SEI tailors its solutions and services to help clients more effectively deploy their capital—whether that's money, time, or talent—so they can better serve their clients and achieve their growth objectives. As of June 30, 2025, SEI manages, advises, or administers approximately \$1.7 trillion in assets. For more information, visit [sei.com](https://www.sei.com).

## **About SEI Access™**

SEI Access™ is an end-to-end alternatives platform designed to improve the product selection and investment experience for registered investment advisors, broker-dealers, private banks, and their clients. Alternative investment fund managers use the end-to-end service to access a wider distribution network and manage the subscription process more easily. The platform's smart workflow combines electronic subscription documents, proprietary firm paperwork, custodian forms, and e-signature capabilities to help ensure fast and accurate transaction processing.

Alternative investments are subject to a complete loss of capital and are only appropriate for parties who can bear that risk and the illiquid nature of such investments.
